

## STRAWBERRY DESSERT

By Dorothy Zehnder

1 8-ounce angel food cake (4 to 5 cups torn into pieces)  
1 package vanilla instant pudding  
1 cup milk  
1 pint vanilla ice cream softened  
1 3-ounce package strawberry gelatin  
1½ cups boiling water  
10 ounces frozen strawberries  
Whipped topping

Break cake into pieces and put in 13x9-inch baking or glass pan. Mix pudding mix, milk and vanilla ice cream, blend well. Pour this mixture over cake pieces, mix and set aside in refrigerator until firm. Dissolve gelatin in boiling water, add strawberries and cool until syrupy. Pour this over the cake and refrigerate until set. Serve with whipped topping.

*\*\*\*Note from Dorothy – This is a perfect dessert for any time of year, but I like to make it around Valentine’s Day the most because it really fits the theme. The combination of the strawberries with pudding and ice cream make it a nice indulgence, yet the angel food cake keeps it lite.*
